# 3DMercury CPU water block installation detail

⚠️ **WARNING** Be sure to remove the "CAUTION" sticker from the bottom of the CPU water block. Spread the thermal paste evenly on the CPU surface.

AMD K8 (754/939/940) Clip Cover Installation

Note: The AMD K8 clip can be separated from the water block (Fig. a) to adjust to the appropriate installation direction (Fig. b/c).

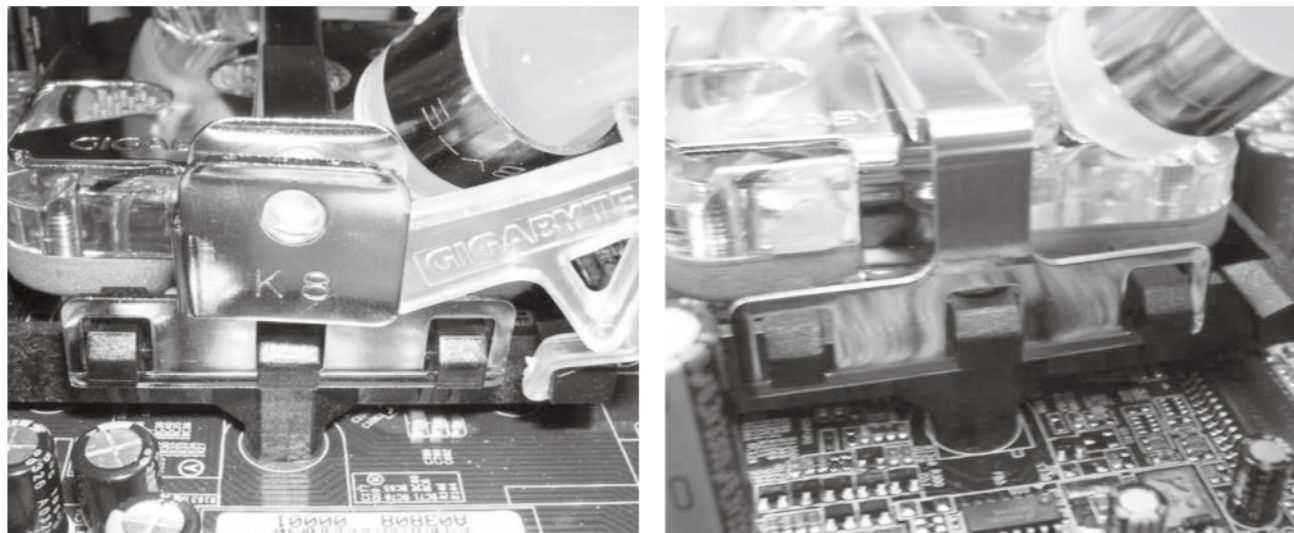

▲ *Fig. a* ▲ *Fig. b* ▲ *Fig. c*

1-1. Please change the LGA775 clip cover with the AMD K8 clip cover and align the AMD K8 clip to the three raised points on the CPU.

1-2. Fasten the latch from the AMD K8 clip cover and make sure that the water block is well secured on the CPU.
